

SUPERANNUATION

Superannuation Choice

Under *The Queensland Anglican Schools Enterprise Agreement 2018* (the Agreement) the College offers a choice of Superannuation Fund. To advise the College of your preferred superannuation fund, please complete the **Superannuation Standard Choice Form**.

Please note that should the *Superannuation Standard Choice Form* not be received by payroll, processing of your first pay may be delayed. If payroll does not receive your *Superannuation Standard Choice Form* within 28 days of your commencement of employment, your superannuation payments will be paid to the College's default superannuation fund.

Additional Employer Superannuation

The College is required to make an employer contribution to your nominated superannuation fund at the rate of 10.0% of your salary.

If you choose to make an additional voluntary contribution to superannuation of at least 5% of your salary, the College will increase the employer contribution to your nominated superannuation fund to the rate of 12.75% of your salary in accordance with the Agreement. This voluntary contribution may be made as a salary sacrifice (pre-tax) or as an after-tax deduction. If you wish to take advantage of the additional employer superannuation, please complete the **Superannuation Payroll Deduction Authority Form**.
